77326	Replacement Cotton 2 pc-pack for Screw Pitch Marking Tool Multi	4 960910 773264		
77396	Replacement Lead 10 pc-pack for Screw Pitch Marking Tool	4 960910 773967	10	B
77397	Replacement Cotton 4 pc-pack for Screw Pitch Marking Tool	4 960910 773974		

Features

- One unit can mark five different pitches
*In recent years, pitches for screws have been strictly controlled in building for some house builders. The pitch can vary depending on building structure. This tool can cover most cases.

- Easy-to-replace cartridge

- Easy-to-refill ink tank

- Stopper can be used to mark center of board width

Easily mark the pitch on the center of the board by fixing the guide ruler stopper in each hole in the figure above and sliding the main block to the stopper.

Fix the stopper in one of the holes depending on the width of board, then slide the main block to the stopper. The marking position is 455 or 500 mm, and can mark the center of a 3 shaku/1000 mm wide board.

Use

- For marking screw pitch on boards such as plywood, plasterboard, etc.

Specifications

Accuracy	100 mm Pitch: 95 - 100 mm 150 mm Pitch: 145 - 150 mm 200 mm Pitch: 195 - 200 mm 250 mm Pitch: 240 - 250 mm 300 mm Pitch: 290 - 300 mm
Material	Main Block: ABS resin, polyacetal resin, elastomer resin, stainless steel, silicone rubber Guide Rule: ABS resin, aluminum
Size	Main Block: 159 × 79 × 80 mm Guide Rule: 200 × 663 × 15 mm
Weight	Main Block: 300 g Guide Rule: 110 g
